## COMPANY PROFILE

Diowave laser is a Florida based medical device company with over seventeen years of experience in advancing high-power laser technology for neuromusculoskeletal pain management. As the founder of Class IV Laser Therapy, we offer caregivers the opportunity to use ground-breaking technologies to deliver laser therapy for the treatment of various pathologies, including those refractive to traditional therapy. This technology uses appropriate micro-pulsing power levels to target specific treatment areas, reducing wasted application on surrounding tissues. We also offer complimentary lifetime clinical training and support resulting in unparalleled client outcomes, contributing to making Diowave Laser Systems the world's leader in high-power laser therapy and medicine.

## CORE COMPETENCIES

- ✓ Innovative Designs
- ✓ Customer Friendly
- ✓ Training and Support
- ✓ Research
